PROFILE

Passionate Game Developer & Designer with experience in developing games in teams, both during study projects and game jams. Creative problem solver with a strong technical background (HBO-ICT) and an eye for engaging game mechanics. Driven by innovation and pushing boundaries in interactive experiences. Aiming to further develop my skills in dynamic, collaborative environments.

WORK EXPERIENCE

Your Own Game Project in Fontys   MRT/- 2025 HUIDIG
Programmer and Game Designer

- I am currently working with a classmate on an 8-week school project specializing in game design.

Space Game Jam #2   Mrt 2025
Programmer and Game Designer

- I participated in the Space Game Jam #2 with 2 classmates from the game design specialization of our school. With a team of 3 we finished the game in one week

Bigmode Game Jam 2025   Jan/Feb 2025
Programmer and Game Designer

- I joined the Bigmode Game Jam 2025 with a family member to gain experience with game jams. It lasted about 10 days, although we developed the game in 7.
